CLUB ASSOCIATE FOR OUR COMMUNITY WORK

CLUB ASSOCIATE PARTNERS

We are looking for CLUB ASSOCIATE who will be included in all the different exposure as you see below and be major players in all we do for the community.

The CLUB ASSOCIATE will go hand in hand with Europa FC and we will give maximum exposure to the CLUB ASSOCIATE when we do these events during the year.

Our aim is to be involved with Community events to support our Community in any way we can.

All to give Europa FC and our CLUB ASSOCIATE the maximum exposure possible.

We are always thinking in ways to increase ours and sponsors exposure, we are working in a few initiatives to increase it even further.

Apart from the re vamp on the website, social media is also having a new strategy to improve the exposure as a whole.

Our YouTube channel is another thing we want to exploit with videos of events and anything related to our teams that generate interest from the general public. This will also benefit our Business Partner were the videos will have them at the start, during and at the end of the video.

Community

We are working with various charities and we have plans to engage with more of them. Like that we are more active within our community. These are some we have worked in the past few years.

A few months ago, the Europa FC Academy became the first local football club to join the #Refill 🌊 campaign and offer free potable water refills at their premises. Some of our young #MedOceanHeroes had the opportunity of meeting the premier division players whilst they proudly displayed their reusable water bottles just before their league game yesterday. A shining example of how our community is working towards a more environmentally friendly #Gibraltar 🇮🇪. Our coastline needs more green initiatives like these! Well done Europa FC 🏆 - you're leading the way! #Sustainability #PlasticFree #SayNoToSingleUsePlastic Team Photo courtesy of C Correa Photography

Europa FC History

Europa FC first started in 1919 and was then formerly established in 1925. It became one of the teams forming the backbone of the Gibraltar FA, together with Prince Of Wales, Britannia and later Gibraltar United. These clubs continued their process over the years between the World Wars. It includes a number of league Championship for Europa FC and was only interrupted due to the forced evacuation from the Rock of its population.

This however did not deter the football spirit and many football teams were formed and named after the places in London where the evacuees were based. The young stadiums such as White Hart Lane and Loftus Road. Post war on the return of the evacuees, Gibraltar United dominated the league until Europa FC broke that in 1951-52. This was the last trophy the club won before it disbanded.

Many people between the ages of 30 to 50 will have fond memories of their fathers and/or grandfathers telling them all about their sporting exploits as footballers during the golden age of football in Gibraltar. The board of Directors of Europa FC are no exception.

In 2012-13 a group of youth coaches and players seeking a senior structure joined College and the team was called College Europa. College provided all the junior teams, whilst Europa provided the senior team. That same year the team qualified for Europa League and was the first Gibraltar team to enter this competition. That year the team travelled to Liechtenstein to play FC Vaduz.

The team then in 2015 was renamed to our original name Europa FC and once again qualified for the Europa League and travelled to Slovakia to play SK Slovan Bratislava. The club again made history when for the third year running the team once again qualified to play Europa league and travelled to Armenia to play FC Pyunik. The team won and proceeded to the second round of the Europa League, playing in Sweden against AIK.

Last season the team has won The Pepe Reyes Cup (Charity Shield), and The Gibtelecom Cup (Rock Cup). Coming second in the league and qualifying for the Europa League again. With the difference this time that the club was seeded, the team qualified into the second round and played Legia Warsaw. An historic Polish club that we drew 0-0 at home and lost 3-0 away, but we continued in making history again.
